### Truth About Oil Prices

A recent study of gasoline prices in relation to the general price level refutes the notion that the oil industry is profiteering at the expense of the helpless consumer.

Since 1939, the price index of all raw materials has increased 134 per cent—while that of crude oil has gone up but 83 per cent. The overall consumer price index has increased 54 per cent—while the retail price of gasoline has advanced only 23 per cent, or less than half as much.

More important, consumers are spending far less of their total income for oil products now than in 1939, when the average worker in a manufacturing industry had to work nearly three hours to earn enough to buy ten gallons of gasoline. Now he can get ten gallons of a superior gasoline for less than 2 hours of work. In 1939, the farmer had to sell a bushel of wheat to buy three gallons of gas. Today that bushel buys 13 gallons.

One typical large company recently announced that the wholesale prices of oil products in its marketing territory have advanced, since 1939, only by an amount sufficient to cover the higher cost of crude oil and tanker transportation. Other increases in operating costs, including a 67 per cent boost in the wages of refinery workers, have been absorbed through higher efficiency.

Oil is an intensively competitive industry—and competition is keeping prices at the lowest level compatible with present-day conditions.

### The Responsibility For Inflation

The support given by retail business to the drive to lower prices has become a strong stabilizing influence on the national economy. Retailers, including both the chains and the independents, took the initiative voluntarily and have done everything within their power to check the inflationary spiral.

It will be unfortunate, however, if consumers expect a miracle to occur. The influence of retail business on the final selling price of anything is strictly limited. It lies largely in holding retail profits to a reasonable minimum, and in reducing operating costs. So far as basic costs are concerned, such as raw materials, wages and the rest, the retailer can do nothing. The causes of inflation go deep. Government debt and government spending are among the most important. We cannot have a stable economy without a stable and conservative government fiscal program. The responsibility for achieving this lies squarely on Congress and the President.

Again, the apparently insatiable demands of labor are potentially disastrous to stability. The worker who demands better goods for less money on the one hand, and higher wages for less work on the other

hand, is the best friend unbridled inflation ever had. He is, unwittingly, cutting his own economic throat. More dollars in the pay envelope are meaningless when each dollar purchases less and less.

Finally, it is the inescapable responsibility of all business to hold profits to a moderate level, and to produce with maximum efficiency and minimum waste. In the long run, competition will assure this. The profiteer never lasts in a free, competitive economy.

What it all adds up to is that inflation must be fought by us all. Business can't do the job alone.

### Fire Prevention and the Community

American communities must bear much of the blame for our soaring toll of deaths and property destruction by fire.

According to A. Bruce Bielaski, executive director of the President's Conference on Fire Prevention, less than 2,000 of the more than 16,000 municipalities in the United States have building codes. Most of the existing laws are more than 15 years old. On top of that a great many fire departments are badly equipped and undermanned, and are not organized to give firemen adequate training.

Here are some of the reasons why the toll of fire has reached record proportions, and is still increasing. Last March, for example, losses reached a new monthly high of almost \$72,500,000—36 per cent above the same month in 1946. And fire's death toll is running in excess of 10,000 lives annually.

During the war, much substandard construction was necessary, and fire fighting equipment was extremely scarce and often completely unobtainable. That alibi is no longer valid. Communities can and must adopt building codes which will assure maximum protection against fire—even as they can and must modernize their fire departments and train members properly. The fact that the majority of our municipalities have no building codes at all is disgraceful and inexcusable.

We can reduce fire losses by at least 75 per cent—if we have the will to do it.

### The Low Down From Hickory Grove

A pet subject with me and one I choose to scribble on, and often, is private enterprise. And before going further, my definition of "private and free enterprise" if I was to put it down like in a dictionary, it would be, "the right to prosper in proportion to how much you choose to persevere."

Some folks being allergic to sweat is why, I reckon, it is easy to pick up followers here and there—and in quite goodly numbers—who will lend an ear and a vote to the willo-wispy arguments for turning business and all our problems over to Uncle Samuel—and let him do our perspiring.

And also when we listen to the glib talkers proposing the Govt. should take over—and the people have the profit—we half-way agree if the gent is talking about some other business, and not ours. But if the gent was to edge over toward our business—if we are a barber, or a plumber, or are in the suit and dress business, we would say, hold your horses brother—none of that—not on your tinfoil—none of that socialism for us.

Yours with the low down,  
JO SERRA

## No Homes Guaranteed, But. . .

If the Federal housing Taft-Ellender-Wagner Bill (S-866) passes:

1. No building materials will be added to the supply.
2. No larger labor force will be available.
3. No homes will actually be built except through use of private industry.
4. No less money will be spent, for the T-E-W Bill proposes an expenditure of \$7 billion (more money than was collected in any year for taxes from U. S. citizens prior to 1941).
1. Government projects will compete with private building for local material.
2. Local labor will be absorbed for government construction.
3. Federal Government will add overhead cost of a national housing agency for programming and planning.
4. Government expenditures will stimulate thousands to immediately enter the housing market in competition with veterans for new homes.

### QUESTIONS

1. If the same supplies of materials, labor and skills are used—can lower price homes be built by adding the expenditures of a National Housing Agency to the overall building costs?
2. Won't government project competition for local labor and materials emphasize shortages and lead to inflation?
3. If thousands are led to enter the new home market now (in competition with veterans) through lowered credit restrictions and interest rates, will not this additional demand tend to inflate home prices?

### OUR ANSWERS

1. We do not believe home construction costs can actually be lowered by spending \$7 billion of the people's money.
2. Competition for materials and labor tends to inflate home building costs.
3. If the T-E-W Bill tends to increase the demand for homes without actually increasing the supply of materials, labor or skills to satisfy that demand—then we believe that the passage of this bill will serve no useful purpose and only serve to confuse the public and inflate the housing market.

## LAKE VILLA

The Wesley Club did not meet last Sunday evening as 50 pupils, teachers and guests of the church school made the trip to Zion to see the Passion Play and, as the day was beautiful and the play wonderful and beautifully done, those privileged to go, enjoyed it very much. Much credit is due the church school for providing the treat.

W. S. C. S. met at the parsonage on Wednesday this week and Mrs. Boyer and Mrs. Dunbar assisted Mrs. Dixon as hostesses. The Mother-Daughter banquet usually sponsored at this season by the W. S. C. S. is delayed for the present.

The Official Board will meet Friday evening at the Charles Hamlin home and as this is the last meeting before the Conference, it is important that as many of the members as possible be present.

The Lake Villa Community Men's club had Ladies Night on Tuesday evening last week and the 170 members and wives were entertained at a turkey dinner served by W. S. C. S. at the school gym. Six acts by professional entertainers from Chicago provided members and guests with a very enjoyable evening. Wm. Weber, president presided at a short business session and Paul Sheldon, retiring President, was presented with a cup for his loyalty and service to the club. At this time announcement

was made that the club's third annual carnival and auction would take place on July 3, 4, 5 and 6 at the Lake Villa Park.

Mr. and Mrs. Lawrence Loescher entertained a number of relatives and friends from Chicago, their former home, at a dinner at their home on Grand Ave., last Sunday in honor of their daughter, Lois' birthday anniversary.

Mr. and Mrs. Russell Nickerson were called to Galena, Ill., last week by the very serious illness of Mrs. Nickerson's mother, who underwent surgery. They left Friday evening and returned Sunday evening.

Mr. and Mrs. Henry Nader, of Kenosha, spent Sunday with Mrs. Anna Nader and family.

Mrs. Florence Peterson and family have moved to Waukegan. They have lived on Grand Ave., in the Henry Peterson house for many years.

The Royal Neighbor Officer's club held a public card party at the Charles Hamlin home last Wednesday afternoon with Mrs. Hamlin and Mrs. Helen Fish as hostesses. Eight tables of pinochle and 500 were played. Guests were present from Grass Lake (Indian Point) Ingleside, Gurnee, Antioch and Lake Villa.

The Bert Anderson family which has been living on the A. E. Lehmann estate, now the Crippled Children's home, moved Saturday to a cottage at Petite Lake.

The Eastern Star Past Matron's club held a party and meeting last Thursday evening with Mrs. Val

Weber at her home at Sand Lake.

The ladies of the Sewing Club enjoyed a luncheon with Mrs. Stella Pedersen last Thursday afternoon.

Mrs. Florence Glenn from California, with her small daughter, spent a few hours from last Wednesday evening to Thursday morning with her aunt, Mrs. Lulu Nelson and Mrs. Carl Ekdahl at the Ekdahl home on her way to New York, where she sailed on Friday to join her husband on duty in the army in Germany, to be gone at least two years.

Mr. Schrum drove to Belvidere, Ill., Friday after school to bring home his mother, who has been visiting there for a few weeks. He went by auto accompanied by Charles Hamlin and two other Boy Scouts.

Rev. John DeVries and family from Portage Park church, Chicago, called on friends here late Thursday afternoon. Rev. DeVries was a former pastor here. He has finished his course at Garrett Biblical Institute and has returned to his former con-

ference in S. Dakota, where they expect to make their future home.

The May meeting of the Halcyon group was held at the home of Mrs. Evelyn Hucker, Cedar Ave., Lake Villa. This was the second annual pot luck dinner held by the group.

After a short business session the new officers for the coming year were installed in a beautiful candle-light service conducted by Rev. Dixon of the Lake Villa Methodist church.

YES, folks, it's a grand feeling when you finally get that long-awaited telephone.

Last year, more than 10,000 families in Illinois Bell's rural territory had that thrill. And this year we expect to provide service for an even greater number. Installation work has proceeded so rapidly that at the present rate of speed, we'll be able to finish

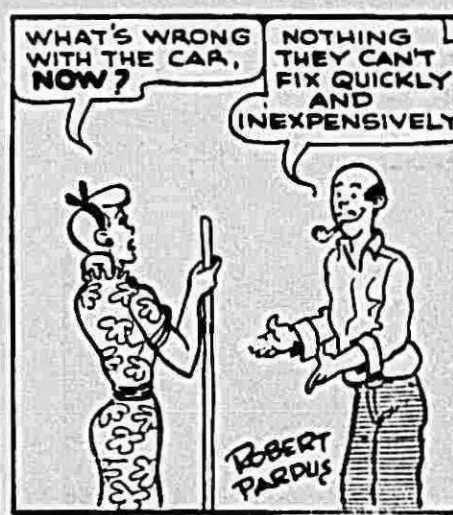

a three-year objective in two years! We're improving rural service too! More customers have fewer rings of other parties on their lines. Last year over 5,000 magneto telephones were replaced with modern crankless instruments.

New equipment is going in. New lines are going up. More and better rural telephone service is on the way!

## Legion Farewell to Jack Keeneys Given Last Friday

Over a hundred Legion and Auxiliary members attended a party in the Antioch Legion hall last Friday evening the affair being called "Jack Keeneys night" as a farewell to Mr. and Mrs. V. J. Keeneys and their daughter, Jeanette, who are leaving for Mt. Grove, Mo.

After a short business session the balance of the evening was spent with introductions of the tenth district Legion officers.

Past Commander F. A. Swenson and Mrs. Frank Kennedy of the Auxiliary together presented Mr. and Mrs. Keeneys a beautiful bed spread.

"Jack" was finance officer under the commandship of F. A. Swenson. Mrs. Keeneys is the present treasurer of the Auxiliary. Under the commandship of Hatfield, Miss Jeanette was finance officer of Antioch post for 1946-1947 term and held the office up to the time she entered college at Madison last fall.

Recognition cards for outstanding Legion work for the present term were presented to Commander Hatfield, and Senior vice commander Edward Frazier. Adjutant Charles Cermak received his following the close of the meeting. While enjoying refreshments the group sang many songs and the evening was one to be remembered by the Keeneys family for sometime.

## MRS. WOODS HOSTESS TO S. L. A. MEMBERS

Mrs. J. W. Woods was hostess to twelve members of the Ladies Auxiliary of the Showman's League of America Monday, with a luncheon and card party at her home at Lake Marie. Those present were Mesdames Nan Rankine, Margaret Hock, Evelyn Hock, Ida Chase, Mary Sopenar, Mattie Crosby, Marie Brown, Louise Rollo, Alice Hill, Carman Horan, Delgarion Hoffman and Margaret Filagrosse, all of Chicago. Mrs. Harry Beckman, Mrs. Owen O'Malley and Mrs. J. Binger, of Antioch, were guests.

## CARD PARTY AND HOME BAKERY SALE

Members of the Trevor Social Center will sponsor a card party and Home bake sale at the hall Saturday, May 24, at Trevor, Wis. Every one invited.

Mr. and Mrs. S. Boyer Nelson and Mr. and Mrs. Raymond Schwartz and son, of Kenosha, were called to Gosham, Illinois due to the illness of their father, L. Schwartz, last week. They returned Sunday night after calling on relatives in St. Louis and Springfield.

Miss Imona Ruth Welker, of Dixon, Illinois, a former teacher in the Antioch Township High school, was the weekend guest of Miss May Hartley at the home of Mrs. Homer B. Gaston.

Antioch Woman's club board members met at the home of Mrs. Maurice Radtke, Monday afternoon. Mrs. A. H. Kaufman, retiring president presided. Mrs. W. C. Petty newly elected president will take charge in October.

### Lake Villa Cub Scouts Enjoy Pow Wow

The Cub Scouts of Lake Villa enjoyed an Indian Pow Wow and outing at Fox River Park at Wilmet, Wisconsin, last Friday evening. Scout Master, Frederic Nielsen, Den Chiefs and Den Mothers, Mr. and Mrs. Clayton Hamlin accompanied the scouts.

Mrs. Anna Kimber Smythe, 73, mother of Paul Smythe, Lake Villa, and Mrs. Oliver Thompson, Grayslake, died Sunday at St. Therese hospital in Waukegan. She was the widow of the late Paul Smythe, of Evanston. Two sons and three daughters survive.

The funeral service was held yesterday at 1:30 p. m. at 1400 Sherman Ave., Evanston, and burial was in Rosehill cemetery, Chicago.

## Scouters Get Together at Camp Ma-Ka-Ja-Wan

Over 40 Scoutmasters and Troop Committee men attended the recent Scouters' Weekend at Camp Ma-Ka-Ja-Wan, the modern Boy Scout Camp of the North Shore Area Council.

The purpose of the get-together was to prepare Camp for the opening of this coming season and to discuss plans for season's activities.

Many new improvements met the Scouters who haven't seen the Camp for several seasons. Some said that the good old days were gone now that a water system has been added to supply fresh water to all villages of the camp; before, water was hand pumped. Other improvements include electric lights in all buildings and new log cabins in all villages for the boys to sleep in. Yes, the good old days may seem to have gone but all agree that the new camp setup adds to the enjoyment and health of camping.

Meals for the weekend were cooked in the camp mess hall on the new diesel range and time not spent in preparing camp for opening was spent in hiking over the 120 acres of birch and pine trails, or canoeing on the lake.

Saturday night a council fire was held in the main lodge under the direction of George Boardman, Council Scout Executive and Arne Makela, Assistant Scout Executive. Plans about the future of Camp activities were talked over, and Jerry Knowlton, Camp director, ran over the schedule for this coming season. Outstanding this year is the plan to have a canoe trip for all boys going to camp, lasting two or three days.

The weekend was brought to a close on Sunday, May 4, with all Scouters showing the signs of a slight sunburn and feeling that they had

## Young Dance Recital Proves Big Attraction, Is Fine Entertainment

Attracting an attendance of more than 700 persons, Marjorie Young's dance recital "Time Dances On" proved to be one of the most elaborate and successful home talent productions Antioch has witnessed in years.

One hundred pupils, 15 of whom were from Antioch, gave an exhibition of interpretative tap, ballet and acrobatic dancing, tumbling acts, modeling and songs. Beautiful costumes and elaborate scenery added to the magnificence of the scenes.

Dick Grootveld served as master of ceremonies. Karl F. Wiechmann, guest artist, played his own arrangement of "Anniversary Song," "Whispering" and "March Medley," and Eugene Shea and his Majorettes from Waukegan gave an excellent performance of baton twirling. The Stefani accordion band was less successful.

An outstanding performance were the acrobatics of Miss Young. She not only was able to perform well herself, but was able to persuade even the youngest pupils to enter into the spirit of the occasion in their interpretive numbers with the result that the audience voiced its approval many times in rounds of applause.

The Indian and Persian interpretive dances as well as the Holland scene and Doll shop skit were well done. The recital will be given Saturday evening at Fox Lake.

## High School Students Busy Over Events Prior To Close of School Year

Events leading up to the close of the school year at Antioch Township High school were taking place this week in rapid succession.

The Junior-Senior class picnic was held Monday evening at Petrified Springs in Wisconsin and the Freshman-Sophomore class will picnic at the same place this evening.

The Northwest Conference track and field meet yesterday at Palatine was an outstanding event witnessed by many of the students.

The Lake county Tuberculosis Society truck came to the school Tuesday and the chests of 22 students were x-rayed.

The Junior-Senior prom Saturday evening is expected to be a gala affair. As usual, the program is kept a secret by the hosts, the Juniors, but it is understood that a Chicago orchestra has been employed for the occasion and the decorations are to be really nice.

Flag Day exercises will be held at 9:30 a. m. Monday at the school auditorium to which the public is invited.

## Why Should I Insulate My Home?

Why have over 30,000 Johns-Manville "Blown In" Home Insulation jobs been done here in Northern Illinois? Why are so many homes having all the sidewalls filled with Johns-Manville Home Insulation?

Why does anyone who has had their home insulated with Johns-Manville insulation say that it is the best investment they ever made? Why do others who have never had insulation say they are skeptical about having insulation? Why have Johns-Manville insulation users called for their second, third, fourth and even fifth, "Blown In" Insulation job? Why is a Johns-Manville Insulated Home so much cooler in the summer? Why do you save so much fuel after insulating? How does Johns-Manville Rock Wool make your house more fire-proof?

It is guaranteed not to settle. Can my home be insulated? These, and many more questions I will be pleased to answer; if you want to know more about Johns-Manville Home Insulation write or call Ernest C. Andreas, Dist. Mgr., Mundelein, Ill. Phone 669-R-2.

## HICKORY

Miss Caroline Marble spent last week with relatives in Waukegan. She was called there because of the illness and death of her half sister, Mrs. Wells.

Mort Savage, Mrs. A. T. Savage and Miss Josie Mann spent Tuesday, May 13, at the Joe Smith home in Waukegan.

Chief Petty Officer Robert Bridges went to Chicago on Tuesday of this week to meet his wife, who has just arrived from the Hawaiian Islands. They will make their home with his parents, Mr. and Mrs. Joseph Maack, of Ravenglen Farm, for the present.

Mr. and Mrs. Al Swenson and family attended the recital given by Mrs. Georgia Drury and her pupils at Ant-

ioch Grade School Sunday afternoon. Nancy Swenson was one of the pupils. Mrs. Ben Miller, of Antioch, was a Sunday evening dinner guest at the Al Swenson home.

Mort Savage, Mrs. A. T. Savage and Miss Josie Mann were dinner guests at the Frank Webb home in Kenosha last Wednesday. They were supper guests at the Hart Webb home in Kenosha.

Mrs. Em Alling, of Waukegan, is enjoying a three weeks vacation in Florida at the home of her brother, Roy Edwards and wife. She went by plane over a week ago.

Harold Edwards, of Kenosha, visited over the weekend at Bert Edwards home.

Mr. and Mrs. George McNeil and son, Terry, of Kenosha, visited the Fred Leable home Sunday.

Mr. and Mrs. Al Swenson attended

the farewell party at the Legion hall, Antioch Thursday evening in honor of Mr. and Mrs. Jack Keeney and daughter, who are moving to Missouri.

Wilder Smith and sisters, the Misses, Cora and May, of Hebron, called at the Savage home Sunday afternoon.

## MARKETING with Marjorie

One of my pet theories is that more families would eat better breakfasts if we homemakers would get more variety into our morning menus. So how about serving a different kind of fruit or cereal, or eggs fixed a new way tomorrow morning? Bet your family will sit up and take notice... and "seconds"!

### CEREAL STARS

Some like them hot and some like them cold, but I find that everybody at my house likes delicious **SUNNY FIELD CEREALS**. That's okay with me because they're mighty nourishing and thrifty. Versatile, too... as you'll see from the package recipes. Try them! You'll find many varieties at your A&P!

### THE EGG AND YOU

If you can answer these questions correctly you're an "eggspert"!

Q. Are white eggs or brown eggs better?

A. Shell color has no bearing on quality. The breed of chicken determines the color.

Q. Should eggs be washed before you store them?

A. No. Water destroys the film that keeps out air and odors.

Q. Why are A&P EGGS always so good?

A. Because they're selected and inspected by experts and kept at the proper temperature to safeguard their high quality.

### BRIGHT BEGINNER

Syrups from canned fruits are rich in healthful vitamins and minerals, but I couldn't get my family to drink them till I hit on the idea of combining them with tangy **A&P GRAPEFRUIT JUICE**. It adds the extra zip these sweet syrups need... and extra vitamin C as well. I always keep a few cans of this refreshing grapefruit juice in my refrigerator, along with a jar into which I pour all left-over fruit syrups.

### THIS TAKES THE CAKE

Looking for a dessert that's super-simple to make and simply super to eat? Then here's the recipe for you: Cook together 1 cup of diced rhubarb, 1/4 cup of sugar and 2

tblsp. of water till rhubarb is tender.

Add 1 cup of your favorite berries, cook 1 minute and then pour over 4

slices of toasted **JANE PARKER POUND CAKE**

...that wonderfully fresh, fine-textured cake that comes from the A&P and tastes as if it had just

come from your own oven!

## Chicago and Northern Illinois... Hands with Varied Skills and Vast Experience

**T**HERE are two and a quarter million factory and office employees possessing more than 2600 different main classifications of skills in Chicago and Northern Illinois... *some of the most diversified and experienced men and women in the world.*

More than 12,000 various industrial, transportation and service establishments in this area, utilizing the skills of this great labor force, produced and delivered ten billion dollars in products each year during the war.

All the important skills required for low cost manufacture and development of products are present in this area. Records of the United States Department of Labor confirm the great diversification found here. In just one group of a quarter million men and women are experienced tool and die makers, machinists, millwrights, bench assemblers, set-up men, inspectors, finishers, and cutters. Almost a half million workers in Chicago and Northern Illinois have a substantial amount of industrial experience. Here, also, are 150,000 people skilled in the operation of the far-reaching transportation facilities, *finest in the world.* It would be impossible for workers in a region dominated by one or only a limited number of industries to gain the broad experience found in craftsmen here.

Home of over a half million clerical and professional "white collar" employees, Chicago and Northern Illinois offers these people access to the greatest number of professional and trade schools and research facilities in the world. These schools help equip the employees with the scientific and economic background necessary to meet the problems of world-wide competition.

Employees in this area are exceptionally stable. Nearly 70 per cent of them were born in Chicago and Northern Illinois... *the largest percentage of native workers of any major industrial center.* These employees are high in education, too, since the proportion of high school graduates is larger than in any other great industrial area. It is this tremendous force of educated, experienced and stable workers which has trebled this region's industrial output since 1939.

The good pattern of industrial relations has been developed by fifty years of experience at the conference table. Sound collective bargaining by experienced leaders has consistently reduced the amount of time lost from labor disputes. At present, the proportion of man-hours lost is substantially less than the ratio of the country as a whole.

The diversity and experience of employees in Chicago and Northern Illinois is another reason why this Company, with a long record of service in this area, has great confidence in its future.

Industries in this area have these outstanding advantages: Railroad Center of the United States • World Airport • Inland Waterways • Geographical Center of U. S. Population • Great Financial Center • The "Great Central Market" • Food Producing and Processing Center • Leader in Iron and Steel Manufacturing • Good Labor Relations Record • 2,500,000 Kilowatts of Power • Tremendous Coal Reserves • Good Government • Good Living Good Services for Tax Dollars • Send for free booklets containing useful information on these advantages.

### New Magazine For 4-H Clubs Will be Issued In July From Dayton, O.

4-H Life, a national magazine for rural youth, has gone into production with the first issue scheduled to come off the presses in July. It was announced today.

Official announcement of the new magazine was made in Washington Monday, May 5, by Agriculture Department officials during the second annual home demonstration week.

The magazine, which will tie in with the department's 10-year plan for 4-H club members, will be published in Dayton, O., by the Wysong Publishing Co. It will be issued monthly with subscriptions \$1.00 per year, Virgil Wysong, president, said.

The 64-page initial issue, has been departmentalized into sections on recreation, projects, sports, hobbies, education and club work. Four states are to be spotlighted each month with every state being covered each year.

"For the first time, the activities of 4-H club members will be reported on a national basis," Wysong said. "It will be their magazine, devoted exclusively to them."

County agents throughout the country are being informed of the new magazine and will use it in their work with 4-H club members, it was indicated.

### Faulkner Advises Farmers to Give Up Planting Oats

Agricultural authorities are con-

cerned about the lateness of spring this year, and many are advising farmers to give up planting oats and other crops which are slow in maturing, and to substitute soybeans, which will do better in a short season. Faulkner of the AAA also advocates planting soybeans for the reason that there is a surplus of corn on hand and a shortage of soybeans.

Farmers in the Antioch area were able to work in the fields three or four days during the past week, and if weather conditions do not improve, all planting will be three to four weeks behind other years.

### War Surplus in Building Materials To Go On Sale At Gary, Ind., on May 21

About \$1,300,000 worth of government surplus will be offered at War Assets Administration's warehouse 21, Gary, Indiana when a sale opens to building material self-certifiers Monday, May 19, Bruce J. Brown, Chicago regional director of WAA has announced. Federal government agencies may purchase on May 20 and veterans may buy on May 21.

The sale continues through the regular order of priorities, with selling to non-priority buyers starting on May 26.

Among items of factory equipment to be offered are 250 wood work benches, wood lockers, and wood tables. Twenty-five scales are listed, including platform, professional and

portable. There are 1000 wire brushes, and 3000 buffing and bristle wheels, as well as a quantity of parts for acetylene torches. More than 100,000 feet of rubber tubing and 50,000 feet of fiber sleeving for insulation of electric wire will be offered in the sale,

as will be 300,000 synthetic rubber washers.

Limited quantities of hoist, hand trucks, lift trucks, cranes, conveyors, winches and pulleys are available. A sale of long-supply machine tools runs concurrently, with selling to non-priority buyers on May 20.

## Round Lake District

**Votes Sewage System**  
The Round Lake Sanitary district voted 423 to 400 to issue \$300,000 worth of bonds to build a sewage system in a referendum Saturday. Although Round Lake and Round Lake Beach voted strongly against the project, Round Lake park gave such an overwhelming vote that it offset the vote of the other two areas.
